FENGCHENG SWI STAFF & FACTS

Director: Zhou Shaoyun

Institute Vice Directors:
Ding Meirong,
Jin Wen

Total Number of Children:
30 children in foster care
and 4 children living at
the orphanage.

Altrusa Foundation, working together with Amity Foundation in China, is providing support generalized support at the Fengcheng SWI. We do not sponsor specific children or Hugging Grandmas but instead send periodic donations for specific items. Most often requested is Nestle's formula for the babies and Nestle's powdered milk for the toddlers which we have donated for several times.

Last year we also donated money to buy a washing machine. Before that, laundry for thirty children was done by hand.

The orphanage is requesting donations to buy more powdered formula. This is an important nutritional supplement for the disabled and often malnourished children who live there.
